

## Her Message To You

I would like to say hello to everyone in the modern world, pop my head up out of the ancient world and make my presence known once again. It has been a very long time since I interacted with the physical world but I am still very much alive! I am not very different from the woman I used to be.

I would like to say, I want to give people hope. And to assure them, if they feel loveless, they are not! Love is all around you. In the birds and the flowers, the sun and the moon. Love is inside you now, all of you. You are made of it. I know it is hard to see sometimes but it is there, and it is indeed yours for the taking.

All my love to you, my most bountiful love.

- Sappho, Greek Poet
